

July 6, 1977

Dear Wayne:

I received your letter today. I have collected the material on the genealogy project that I have prepared and you should have it in a couple of days. There are a lot of missing links and a lot more info to gather before I can complete the sample. But will keep you in mind as I get more of it completed. You will note by the patterns in many that it is a little unorthodox preparation but comparison with other genealogies I have seen - but if you read the heading on "A" sheet you will get the pattern. I have gone

2

thru your genealogies on the 3rd mile on side-by-side

grandfather - thru my children - four generations.

I complete yet would be to do this with each name - but I think I will go on with the Hgen sections on the Mackinnon side and then pass the project to each who desires it to complete what they feel they want. As I get the Bay names added on the Mackinnon side I will forward to you as I complete and I am sure you will do a good job!

The death and funeral stories enclosed are excerpts from the Munton papers who printed them at the time of happening. I send them along merely as

information ⁽³⁾ and to give you
an idea of the research necessary
to get information.

Archie was my father, John
and Peter were uncles. There
were four others - Mary Jane
Euphemia Malcolm and
Florence. They are all deceased,
which I am still searching
for records - Florence in Vancouver
and Malcolm somewhere
around Boston.

Be sure and send me your
address no matter where you
go so I can contact you
when info worthwhile shows
up. Meanwhile happy days to
Carolyn, Heather, Duncan and
yourself when you get to Pa.

Sincerely
Uncle Archie

The Genealogy of Thomas McMillan, born Feb. 2, 1821, died June 18, 1903

1st Generation (1)
2nd Generation (2) etc., etc.,

Spouse--(1a) and
following (2a) etc., etc.
